Safety is a primary concern at Agassiz Village. We strive diligently to ensure that accidents do not happen, and risks are reduced or eliminated. Employment as Junior Staff member (any employee under 18) at Agassiz Village contains elements, which can have a certain degree of risk associated with them. It is the purpose of this letter to inform employees and parents/guardians of the nature of activities that occur during a typical week at camp besides specific conditions pertaining to your child's position at camp (please see the job description for specific explanation of responsibilities of the position).

The following is a list of the activities in which employees may participate while at camp:

Swimming, canoeing, tubing on the lake, hiking, running, active sports, archery, arts & crafts projects, group challenge course, high ropes course, night hikes, sleeping out, cooking over a fire, sleeping on an upper bunk bed, playground games, meals, and cleaning cabins.

Junior staff members will also be living in a cabin setting with campers and other program and support staff members (most of whom are 18 years or older) based on their job and session assignment.

All junior staff members will also have a choice to remain at Agassiz Village during intersession (Friday afternoons to Sunday evenings between each of the three sessions). If you would like to permit your child to stay at camp and spend intersession with the rest of the staff with no specific restrictions, please check 'AGREE' below. If you would like to provide specific directions on how you'd like your child to spend that time, please check 'DISAGREE' and provide the letter of explanation. (Each staff member will have an option of returning to Boston with camper buses at the end of each session. They are responsible for their own way of getting back to camp or Portland, ME bus station by 5pm on Sunday night prior to the next session).
